

# Hamza Ehsan

**Salam**, I am an undergraduate student at Lawrence University where I enjoy learning about Computer Science and Philosophy. I am advised by **Joe Gregg** and **Mark Phelan**.

Scroll down to see some of the projects I've been working on.

## Projects

## Duplicity

Duplicity is an open source strategy cross-platform phone game built in Unity2D.

OPEN PROJECT

## DroneSeek

Computer Vision based disaster relief drone (Tello) . This was my capstone project.

OPEN PROJECT

## Portfolio

This Project contains code to the Portfolio you are currently viewing.
